

MADE IN THE USA CERTIFIED!

Every Bearded Brothers Vision Series window and door product is certified to be made in the USA.

What does this mean to you?

This certified seal means that all of our products have been put through rigorous testing standards insuring that the components, manufacturing and assembly are truly “Made in America”. 100%!

NO OUTSOURCING - many companies of various products claim that their products are “Made in America”, however in many cases the products are assembled in America from components manufactured and shipped from foreign countries. 100% of our products, labor and facilities are made or reside in the USA.

RELIABILITY - Throughout generations, American made products have been recognized and respected for the prided and workmanship that has proven to last for years.

QUALITY - Strenuous testing and regulations assure consumers that the product is produces safely and the highest standards for quality

SUPPORT AMERICANS - Purchasing products that have been “Made in the USA Certified”, support American jobs and the American economy.

Thank You!
